To Whom It May Concern:

The Johnson-Humrickhouse Museum is pleased to recommend unequivocally its association with Philip Sugden of Findlay, Ohio.

The artistic quality and superb technique evident in all his works are impeccable. He brings the definition of drawing to a whole new dimension of excellence. Each of his works is suitably and beautifully framed and ready for hanging. They arrived on schedule in excellent condition. Mr. Sugden also was prompt in getting his works at the conclusion of the exhibit.

Personally, this talented artist is as interesting and intriguing as his works. Professional in his qualifications, his obliging manner was engaging and appreciated. His knowledge and understanding of the region, culture and people represented in his art is obvious. The pleasures and challenges met on his journeys were shared with realism and gentle humor with those attending our preview party and also his lecture.

Again, we are delighted to recommend Mr. Sugden and his outstanding art works.

Sincerely,
