Dear Carole and Philip:

On behalf of The Arts Center of The Portsmouth Museums I would like to thank you for presenting in our main gallery the extraordinary exhibit *Visions from the Fields of Merit*.

It was a pleasure to work with you both throughout the entire breadth of this exhibit. Your presentation and attention to detail were of the highest standard of professionalism from the delivery of works, text panels and installation through the workshop and lecture.

This poetic exhibit provided our audience with an educational and aesthetic and overview of Tibet and the Tibetan culture.

Best wishes to you both in your artistic and professional endeavors.

**All Best,
Sincerely,**

**Gayle Paul
Curator, The Arts Center**
