Artist Statement

My work is both sophisticated and uniquely infused with a signature joie de vivre. Inspired by the exploration of vibrant color stories, stylish patterns, and iconic silhouettes, I create contemporary visuals on acrylic full of playful personality. My pieces have a lively graphic allure that will distinctively complement your décor.

In 2012, I started combining my original designs with iconic shapes. Using my passion for interior design and drawing from my professional experience as a graphic designer and textile artist, I used silhouettes of children, animals, fruits, as well as abstract shapes to create unique, large-format visuals on acrylic. This work soon caught the eye of interior designers, who began to commission pieces for their clients.

My custom silhouettes allow me to create one-of-a-kind pieces for my clients, turning their children, pets, their own, or other silhouettes into customized art pieces. In the case of my people's silhouettes, children, and adults. My work is a celebration of what I call the warrior mask, the face. My patterns and color schemes represent infinite possibilities and pure potential. The joy of being alive.

My work has been showcased in the popular Art & Design blog 'The English Room' and was featured in House & Garden magazine. Houzz awarded me with "Best of Houzz" from 2015 through 2019.

Originally from Guayaquil, Ecuador, I reside in the USA since 1990, becoming a citizen in 1999. I am a member of the Ridgefield Guild of Artists, and served on its board of directors from 2010 until 2017. I am also a member of the Art Society of Old Greenwich.
