transformative SITE-SPECIFIC **wall sculpture**

United is large-scale circular wall-hung work (8ft diameter), comprised of 180 pairs of porcelain wings. The wings are larger in the center and smaller at the perimeter, creating a domed effect. They are drawn from the white dove, a symbol of peace.

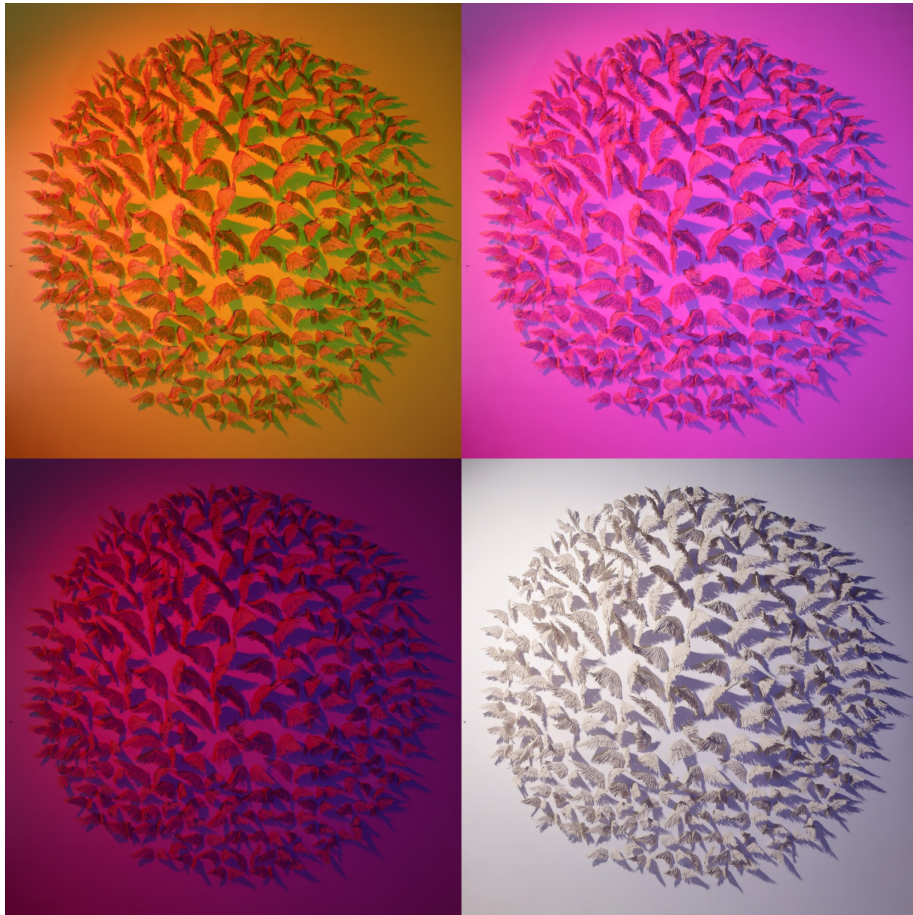

When lit, **United** creates a dynamic work that can activate and transform a space.

The collateral photography can be used for wallpaper, textiles, window vinyls and other creative uses.

This large wall-hung sculpture creates a dynamic work that can activate and transform a commercial or residential space. It can easily work as a statement piece in a hotel, hospital, church, building lobby, restaurant or large foyer. There are many facets of this work that can be explored further to create a unique visual presentation. This, or a variant of this work can be commissioned and designed to fit the needs of the space in which it is shown. (ex; a sweep, a triangle shape, etc).

If you are interested in exploring a custom work for one of your clients, a project proposal can be developed, which outlines the details, costs and time frame relating to the specific installation. Please contact me with any questions you may have. – J
