## *From Brooklyn, with Love*

April 30 - June 6, 2021  
Now Or Never  
30 Grand St., NYC

This selection of paintings, begun in plein air, are part a larger series of works depicting the serene and softer side of Brooklyn.

Since 2016 I have been making trips to Prospect Park in search of idyllic moments and natural scenes that could be easily mistaken for European landscapes, or rural areas of the North East, though they exist here in NYC.

*From Brooklyn, with Love* is a love letter to our city and a reminder that we are lucky to have access to public spaces like Prospect Park and Central Park for our collective enjoyment.
