

Atlantic Works Gallery
80 Border Street -First floor
East Boston

FOR IMMEDIATE RELEASE

(upcoming show)

SUMMER

Christine Palamidessi

June 3-30 2023

Gallery hours, Fridays and Saturdays, 2-6PM
and by appointment

Make a trip across harbor and step inside the sun-filled *SUMMER* world of Christine Palamidessi. The Boston artist builds upon her fascinations with one-piece swim suits, the mood of South Italy in June, and prismatic views from her Street Art collection.

SUMMER features more than 90 photos, 20 miniature paper sculptures and both humorous and political visuals from the around the world. The immersive installation winds around the new Atlantic Works Gallery, which is located on the Harbor Walk in East Boston. The gallery is open to the public on Fridays and Saturdays.

June is the artist's favorite month. "I was born in June, school's out, pools open, and pink and white peonies are in bloom." She considers *SUMMER* her most light-hearted show of the past decade and is thrilled to share the colorful work with New Englanders and seasonal waterfront visitors.

Palamidessi has a studio in Somerville and a summer studio in Puglia. She works mainly with paper, creating monotypes and making figurative sculptures. Her work investigates the mystery and cultural citation of the female form's movement through time. She studied the high art of paper mache-- *cartapesta*--with artisans in Lecce, Italy. Her work is in collections in France, Italy, Canada, the Dominican Republic and Brazil and has been exhibited in the USA and elsewhere.
