

Student Work
Mariana Ruvalcaba Cruz
Skull/Portrait, 2022
oil clay and 3D digital model,
class assignment in figure
sculpture

Student Work
Hadley Summersell
Gretchen, 2019
free form epoxy, paper
mâché, fabric, silicone,
leather
Senior Thesis exhibit

Student Work
Hadley Summersell
Untitled, 003, 2019
free form epoxy cast,
leather shoes
Senior Thesis exhibit

Student Work
Clay Hodges, 2019
performance with
fired clay pot and
radially cut CNC
model

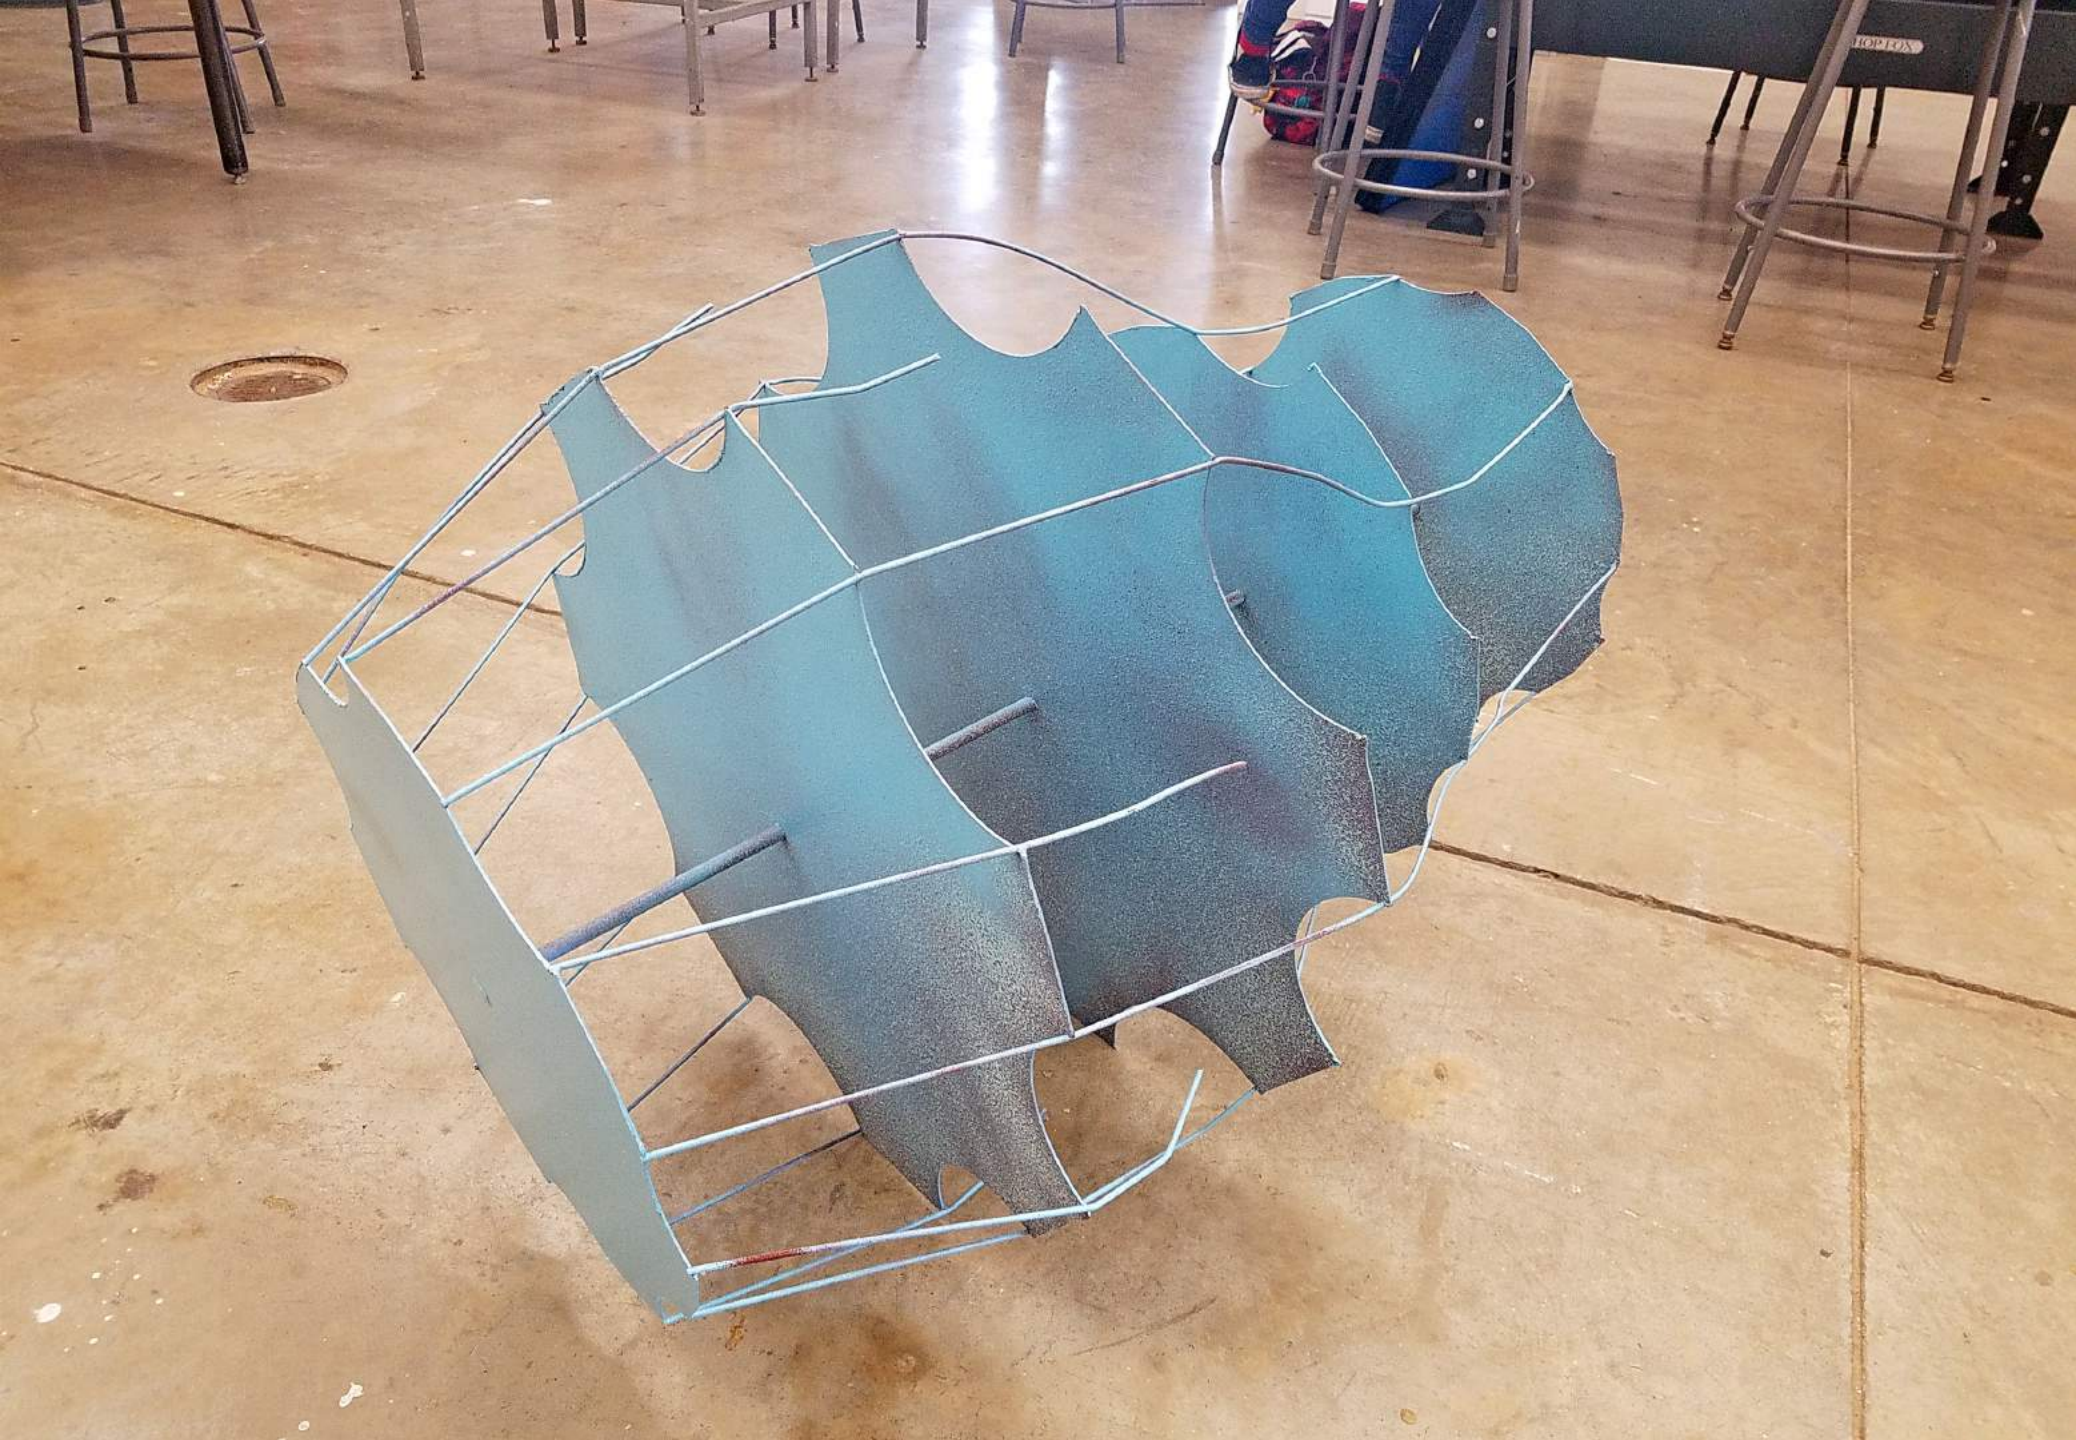

Student Work
Ester Santee, 2022
Intro Sculpture, Texas A&M
Wood Construction/Body Prop

Student Work
Lauren Labonte, 2022
Intro Sculpture, Texas A&M
Wood Construction with cedar
carving

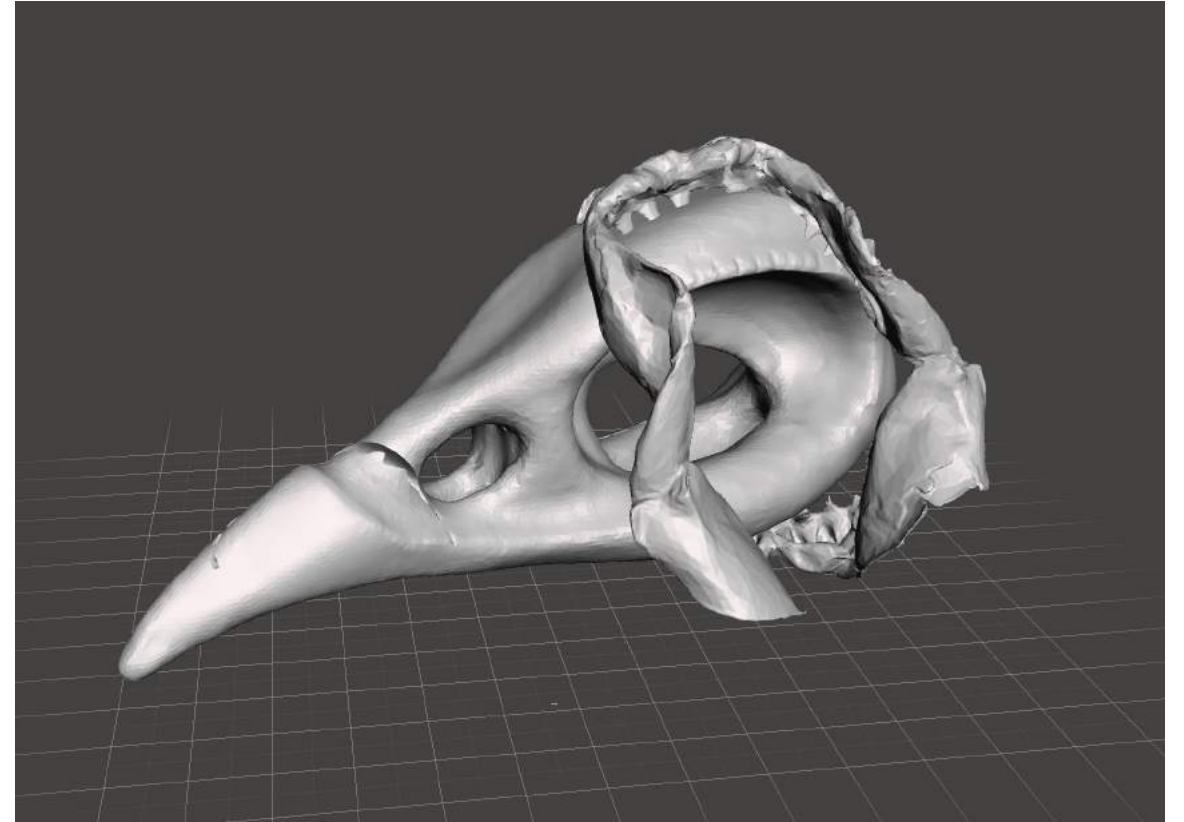

Intermediate Student
Tiffany Spry 3D scanning
her sculpture - a plaster
surface cast of a shovel
and flower vase supported
by welded metal contours

Intermediate Student
Tiffany Spry, Auburn University
CNC plasma cut metal, paint

Mary Grace Stanley, Intro Sculpture, Spring 2019
Auburn University
Remote Teaching Project Assignment:
make a temporary sculpture with found objects based on
an a meme or gif that involves gravity or some other
naturally occurring force

Student Work
Ozzy Delatore,
Intro Sculpture, Auburn University
Bird Skull - Carved cedar
3D scanned model
with shark jaw intersections

Student Work
Ozzy Delatore,
Intro Sculpture, Auburn
University
Wood Body prop Construction
with cedar carving

Student Work
Ozzy Delatore,
Intro Sculpture, Auburn
University 2019
Wood Body Prop Construction

Student Work
Holden Paz Spring 2019
Advanced Sculpture,
Death Star
MDF, mold cultures,
protein suspension,
petri dishes

Student Work:
Holden Paz, 2018
Chinese Scroll, sweet potato
Object Poems

Students were asked to make written lists of objects and materials and to choose two objects from their list to seamlessly combine. Emphasis was placed on the two objects holding distinct but disparate subjective meanings.

Student Work: Janine Polak
Advanced Sculpture UVA
altered lounge chair, plexiglass,
color photographs. Thesis project
on "Place" that referenced an
abandoned amusement park near
Janine's hometown of Virginia
Beach.

Student Work: Janine Polak
Advanced Sculpture UVA
still from color video

Thesis project on "Place" that
referenced an abandoned
amusement park near Janine's
hometown of Virginia Beach.

Student Work
Joel Arts
Senior Advanced Project
University of Virginia
performance sculpture
Assignment "Play"
Welded steel, rope, sand, wood

Student Work
William Hall, 2019
3D print in PLA, cast
multicolor resin and cast
foam from combined 3D
model of a cat skull and
truck engine

Student Work: Garret Johnson, Intro Sculpture Auburn University 2018

Project Description: Create a structure that supports your body while performing a common gesture or pose. In Garret's case, twirling his hair.
Heat formed PVC and cast epoxy resin.

Student Work:
Clay Hodges
Addictions, Pizza David,
Marlborough David, 2019
Digital model in progress
MDF, paint, cigarette boxes
