*"Double Marbled Coptic
Stitch" by Jenniffer Omaid*

Members may participate in all ABC exhibitions, participate without charge in member workshops, have images of your work posted on the ABC Facebook site, and advertise your upcoming exhibitions to other members.

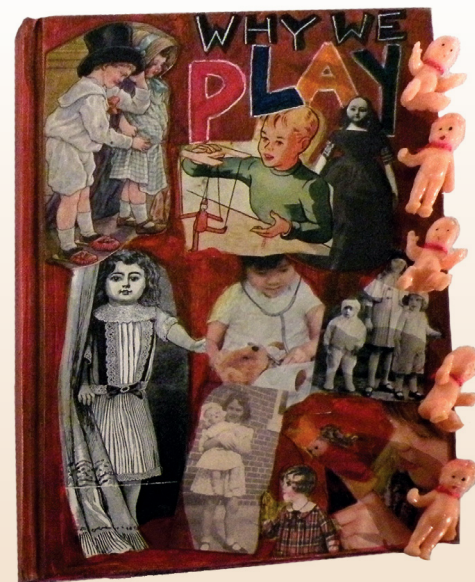

Our monthly meetings on the second Saturday of each month are usually held at the Morgan Conservatory. Most meetings have a workshop component, where an ABC member teaches other members an aspect of the book arts. Past workshops have included marbling, paste paper, pamphlet binding, stitching on paper, single sheet books and

*"Stairway to the Palace" by
Gene Epstein*

nesting books. Others involve members sharing their progress on work for upcoming exhibitions.

We exhibit once or twice a year, in themed and retrospective exhibitions, and are exploring additional exhibition possibilities.

*"Why We Play"
by Phyllis Brody*

Art Books Cleveland (ABC)

is dedicated to exploring, encouraging and teaching both contemporary and traditional artistic practices of the handmade book. Everyone is welcome, experienced artists and newcomers alike.

ABC provides its members with opportunities to share, exhibit and promote their work, to socialize with other practitioners and to learn from their peers.

To join our all-volunteer organization all you need is an interest in the book arts and a \$35 annual membership fee.
