

Live from Berlin,
needles
It's Sunday Night
Cellphone screen
sieves
Capture of Instagram
Live performance
featuring
Neural Machine German
to English
mandarin nets

Tom Bogaert used fly swatters, sieves, needles, mandarin nets, latex gloves, and other stuff he found in ZK/U's communal kitchen. Bogaert centered his performance around distortions and glitches from the instant camera feature on the Google Translate app. The video features Neural Machine German to English translation of poems by Annette von Droste-Hülshoff, Bertolt Brecht, Heinrich Heine, and Nina Hagen.
