

Tom Bogaert

Solo show at gallery ESPACO in Algiers, Algeria.
Opening on Saturday November 25, 2017 from 3 p.m. to 6 p.m.
The exhibition remains on view from November 25 to December 16, 2017.

In 2009 Tom Bogaert moved to Amman, the capital of Jordan. He started producing a body of work that draws on his experience as a foreigner living and working in the Arab World. Through irony and critique, each work interrogates the lens of (mis)understanding that colors the artist's apprehension of contemporary issues throughout the region.

"Squib" is the 8th installment of *Impression, mena* a project that hitherto consists of works made in Jordan, Palestine, Syria, Lebanon, Egypt, Tunisia and Morocco.
